

Youth Welding Workshop

April 15, 2017

9:00 a.m. to 4:00 p.m.

Agricultural Engineering Building
The Ohio State University
590 Woody Hayes Dr.
Columbus, OH 43210

Sponsored by The Ohio State University, AWS Columbus Section, Lincoln Electric, and HETEN Engineering and Laboratory

The Youth Welding Workshop provides a unique opportunity for youth ages 10-18 to develop **arc welding** (stick or SMAW) skills or **oxyacetylene** welding and cutting skills. With one-on-one assistance, students begin at their own level and progress in their skills throughout the day.

All participants attend a safety session and then spend the rest of the day in the welding lab.

This workshop is open to any youth! This workshop provides an excellent interactive opportunity for those completing the 4-H Arcs & Sparks project.

Your registration includes:

- Practice Pieces
- Welding related supplies
- Welding technique handouts
- Lunch

Registration is limited to the **first 20 participants for each type of welding, oxy and arc**. The cost for the workshop is \$90.00.

Participants need to bring or wear industrial-quality eye protection, long sleeve shirt, long pants (100% cotton pants such as jeans are best, NO cotton/ poly bend such as athletic pants), and high top foot protection (No open-toe shoes, sandals, etc.). Gauntlet leather welding gloves and auto-darkening welding helmets are available, if needed.

- **Registration is due by March 31, 2017.** No refunds. Please be sure to include an email address on the registration form in case we need to communicate with you.
- Parents and volunteers are encouraged and welcome to attend the day. We encourage younger participants to be accompanied by a parent or volunteer.
- Please contact Amanda Forquer at forquer.13@osu.edu or 614-292-6942 with any questions.

Returning in 2017! The American Welding Society (AWS) Columbus Section is sponsoring 5 participants to attend the workshop. To apply for the sponsorship, participants need to send a one-paragraph statement of why they want to attend. One line of the paragraph should simply state that financial assistance is needed. Deadline for the sponsorship is March 24, 2017. Send registration form and paragraph to address on the registration form. No payment is needed at this time. Confirmation of acceptance will be sent.
